INTENT		Our ambitious, knowledge-rich curriculum has been sequenced to equip our pupils with the knowledge and skills to ensure they are happy, healthy global citizens ready to take their place in modern Britain. The broad and balanced curriculum is creative, coherent and inclusive and, together with our Christian values (Koinonia, Compassion, Hope, Wisdom, Trust and Worth), enables the pupils to be self-motivated, independent learners.					
Prime Area	Communication and Language	The development of children's spoken language underpins all seven areas of learning and development. Pupils will engage in back-and-forth interactions with adults and peers, in a language-rich environment, to develop this. Communication and language development is a focus in all areas of our curriculum; focus words and sentence stems will be identified and used each week to aid this. Pupils will participate in regular communication groups to build vocabulary and oracy. Makaton sign language is used to boost language acquisition and support inclusive communication.					
Prime Area	Physical Development	Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools to develop proficiency, control and confidence.
