

## PE and Sport Premium for Primary Schools 2022-2023

*What is the PE and Sport Premium for primary schools 2022-2023?*

The PE and Sport Premium is funding for schools to improve the quality of the PE and sport activities they offer their pupils. Schools are free to manage the spending of this grant in the way that serves their pupils best.

*What are the conditions of funding?*

Ofsted inspections are expected to report on how primary schools spend their PE and Sport Premium funding. Schools must publish details of how they spend funding on their website.

*How much funding can John Keble Primary School expect to receive?*

We have received £19,270 in funding for this year.

*Review of Spending for financial year 2021-2022*

The plans and spending above were disrupted by the lockdown and not all of the above costs were incurred, see orange text. Clubs did not resume. No sporting fixtures took place.

Our dedicated PE coach and the sports apprentice worked at school through lockdown, ensuring children attending school had access to PE daily. A and A coaching supported our holiday club over the Easter holiday, working alongside our staff.

Our PE equipment was ordered.

Proposed Spending for 2022-2023

We intend to use our funds in largely the same manner, however due to the current restrictions and the uncertainty of any future restrictions. We have not booked swimming yet for the next academic year. We will review this situation each term.

There is a change in PE provider from June 2021. This situation is under review. The school is committed to having a full time sports coach/ teacher.
